Edison Stockholders Invited to Tune-In On Annual Meeting

Plans for the radio broadcast of the annual meeting of stockholders of the Southern California Edison Company, to be held March 19 at Los Angeles, were announced here today by C. C. Bartlett, manager for the company in this territory. This unique public meeting plan will be utilized by the company to enable the greatest possible number of stockholders, customers and employees to hear the proceedings of the meeting.

"It is the policy of the company to keep the public well informed concerning its activities," Mr. Bartlett said. "Since its pioneer days, the Edison company's interests have been dependent upon and identified with the interests of the cities and towns it serves. This close relationship is due both to the nature of the company's business—supplying an essential service to a large number of people—and to the fact that the company's major ownership and administration is local. The Edison staff in each community is completely a 'home town' organization."

The full program of the meeting in the auditorium of the Edison building at Los Angeles, from 12 noon until 1 o'clock, will be put on the air over radio stations KJL, Los Angeles; KDB, Santa Barbara; KPNC, Bakersfield; KFXM, San Bernardino; KFOX, Long Beach, and KVOE, Santa Ana.

Harry J. Bauer, president of the Edison company, will be the chairman of the meeting, and will present his annual report to those present in the Edison auditorium and to the radio audience through Southern and Central California. The one-hour program also will include addresses by William C. Muldore, executive vice-president, and general manager.

The radio broadcast plan for this year's annual meeting is in substitution for the wired radio transmission over the company's privately owned telephone system, which was utilized last year. The new plan was adopted to reach the great majority of stockholders as well as consumers, and to effect a saving of time and effort for those unable personally to attend the meeting.

Disabled Vets Bid to Join D. A. V.

Los Angeles Harbor Chapter, No. 43, Disabled American Veterans of World War, of Wilmington, was host to the members of the Seventh California district at Banning Manor last week. District Commander Ed Murphy wielded the gavel. Department Senior Vice-Commander Spencer gave a short talk on the status of bills now pending in the legislature and their meanings to the veteran.

Hugo Frey, district rehabilitation chairman, said that he thought the veterans' administration was rather more inclined to splitting hairs, technically, against the disabled veteran than at any time since the Economy Act. Veterans' preference in civil service was somewhat lengthily discussed. Summing it all up it was decided that this preference didn't mean much as the usual age limit for civil service positions is 35 while the age of the average veteran is well over 40.

Every Harbor district veteran who is drawing compensation or who was gassed or wounded in the World War is invited to attend the next meeting of Los Angeles Harbor chapter to be held March 24 at 8 p. m., Banning Manor, Wilmington, Torrance, Lomita, Harbor City and Waveria are in this district.

Plumbing Needs Good Servicing for Satisfaction

The services of an experienced plumber are essential in constructing or modernizing a home. The finest plumbing fixtures cannot give adequate service unless they are correctly installed and unless the supply, waste, and vent piping in the walls and under the floor is correctly designed and properly installed.

Heavy expense is avoided and the health of the family is protected if plumbing fixtures, valves, pipe and fittings of good quality are installed under the supervision of a plumbing expert.

HARBOR DISTRICT CHURCHES CO-OPERATING IN DEVOTIONAL

Pastors of Lomita's churches are planning the annual Easter sunrise service which will be held at the foot of the large cross on Narbonne hill at 5:45 a. m. Sunday, March 28.

Erin's Great Day Means Much to Police Officer

Patrolman Bill Evans is not Irish but to him St. Patrick's day has a special significance. He met the lady who was to become Mrs. Evans on that day in 1917 and '18 was the only good thing about that day," he says. Evans had been badly hurt in the wreck of a tractor he was demonstrating for officials of the war department.

The nurse who took care of him was destined to keep an eye on him for nearly 18 years so far. Mr. and Mrs. Evans were married two and one-half years later on September 19 and her wedding bears the inscription of quadruple 9's—9-19-1919.

cooperating and will participate in the dawn rites. Boy Scouts will again serve as guides and help direct traffic to the hill top.

Rev. John E. Orr, pastor of the Lomita Community church, will be in charge of the devotional and Rev. Tweedie of the Calvary Presbyterian church of Wilmington is scheduled to deliver the Easter message.

The Lomita male quartet and the Young People's quartet of the Lomita Calvary church will sing under the direction of Charles Eade, who will also conduct the song service. Opening the services, the trumpeters of the Community church will play an Easter salute.

Rev. Shank, Rotberg and Hall will also participate in the service. All residents of Lomita, Torrance and adjoining communities are cordially invited to begin Easter Sunday by attending the sunrise gathering.

No Report Yet On PWA Grant

While a drenching rainstorm pelted outside, members of the city council sat in special session at the city hall late Monday afternoon. They were meeting to hear any report City Clerk A. H. Bartlett might have received regarding the PWA allocation toward the construction of the proposed Administrative building on El Prado adjoining the Civic Auditorium.

But City Clerk Bartlett regretfully informed the council he had received no information on the progress of the city's third application for a PWA project embracing the new building. Undaunted by this lack of "progress report," the council proceeded to arrange attendance at the regular meeting of the Los Angeles County League of Municipalities. This was held in Glendale last night with about three local officials and their wives and three other civic aides attending from Torrance.

A resolution was passed authorizing Mayor W. H. Tolson, City Clerk Bartlett and City Treasurer Scott H. Ludlow to sign for city deposits in the Torrance First National bank and to approve their signatures to warrants. This action was necessary, according to Councilman Robert J. Deiningner, because of Ludlow's appointment to his office several months ago and Mayor Tolson's elevation from the council bench on the resignation of W. H. Stanger.

The next meeting of the council will be another special session, made necessary to canvass the ballots of Tuesday's charter election. This session will be held Monday afternoon, March 22, at 4:45 o'clock.

DETOUR

Col'm Under Construction
By BETSY BYRNES

"Oh the Shamrock, the green, immortal Shamrock! Chosen leaf Of Bard and Chief, Old Erin's native Shamrock!" —Moore.

Yesterday all good Irishmen fondly planned a bit of green, or a shamrock on coat lapels in honor of St. Patrick's Day.

QUESTIONS:
Do you know how the shamrock happened to be adopted as a national emblem in Ireland? What was the original name of New York City?

We thank you for reading this little column so faithfully. How do you pronounce the word "column"?

TODAY'S PROVERB:
"Words and eggs must be handled with care For words once spoken And eggs once broken Are not the easiest things to repair."
